

OVERVIEW

Simple and Accurate Mounting

The AM-250 angled commercial-grade infrared radiometer mounting bracket is designed to mount an Apogee Instruments' commercial-grade infrared radiometer (SIL series) and those with the newer solar shield design to a mast or pipe with an outer diameter of 1.3" to 2.1". The bracket is designed to orient the sensors at varying angles to satisfy all applications.

Accommodated Sensor Models

Bracket accommodates Apogee Instruments' infrared radiometers with the newer solar shield design (like the SIL series).
