

# ADJUSTABLE ANGLE MOUNTING BRACKET AM-400

## **OVERVIEW**

## Simple and Accurate Mounting

The AM-400 adjustable angle mounting bracket is designed to mount Apogee Instruments' downward-facing sensors at different angles when mounted to a vertical or horizontal mast or pipe. This bracket can also be used to mount upward facing sensors in plane-of-array configurations

#### **Accommodated Sensor Models**

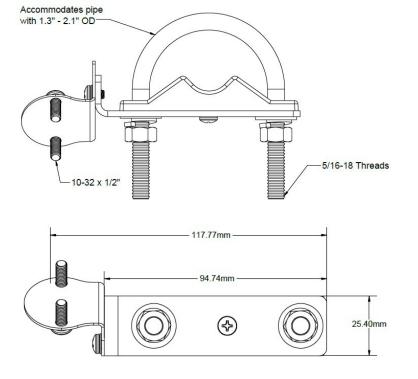

Bracket accommodates Apogee Instruments downward-facing sensors, such as our downward NDVI and PRI sensors. This bracket can also be used to mount upward-facing sensors, such as our silicon-cell pyranometers.

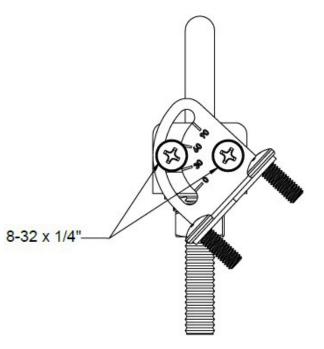

### **SPECIFICATIONS**

	AM-400
Dimensions	118 mm x 25 mm
Mass	380 g
Warranty	4 years against defects in materials and workmanship
